## SUMMARY

---

As a Registered Nurse with 4+ years of experience, I strive to bring a strong foundation of organization and reliability to any role I undertake. I genuinely value effective communication and collaboration, which allows me to work harmoniously with colleagues and provide excellent care to patients. Throughout my nursing journey, I honed proficiency and meticulous attention to detail across a range of nursing skills. Furthermore, I've acquired hands-on experience and a grasp of technological proficiencies in both front-end development and various EMR systems. I am motivated to seek opportunities that enable me to utilize my abilities effectively and make a positive impact on your organization's success.
